Superior Glads

# Fall 1940 Price List of

# Superior Glads

Another growing season is nearly ended as this is being written and it will soon be time to dig bulbs again and start preparation for next year's Glad garden. While our planting has been about the same size this past year as that of a year ago, present indications point to heavier sales this winter. We may be short of bulbs of a number of varieties early in the season but to encourage early orders, we again, as last year, are making the following

## EXTRA SPECIAL DISCOUNTS

On all orders accompanied by cash in full,

25% may be deducted if sent before Nov. 1st

20% may be deducted if sent before Dec. 1st

15% may be deducted if sent before Jan. 1st

10% may be deducted until 1941 catalogues are sent out.

Collections and lots ordered from the quantity price list may be included for these discounts if the order totals \$5.00 or more. On orders of \$25.00 or over, an additional 5% may be deducted.

## TERMS

Prices quoted in this list are prepaid except on "quantity prices." Stock is preferably shipped in the spring unless orders are for quantities which may go by express. For customers who wish to pay transportation, we are glad to ship by express during the winter and add extra bulbs to help offset carrying charges. Orders from the Western States may be shipped as soon as stock is ready. One bulb or bulblet may be purchased at one-eighth the ten rate and five at the ten rate, and 25 at the hundred rate where the item would not total less than 10c. Where bulbs are priced singly, ten may be ordered at eight times the unit price. We endeavor to send out healthy, true-to-name stock and are glad to make adjustments should any prove otherwise. We thank our many customers who have written us letters of appreciation and if we failed to personally acknowledge your letter, we wish to tender our thanks now.

Those interested in Novelty Daffodils are invited to have their names placed on our mailing list. We have sold our Iris collection to the National Iris Gardens of Beaverton, Oregon, and those interested in Iris may write them.

## COMMENTS ON NEW VARIETIES

For descriptions of the majority of Glads listed here, you are referred to my 1940 Catalogue but as there are some that I have not listed before and others which impressed me differently the past season than previously, descriptions of some of these will be given here.

**Avalon** is a new large pink and cream of considerable promise. Another addition to the good commercial whites is **Bellevue**. From Picardy comes the creamy salmon **Bingo**. Rose colored Glads are rather scarce and **Cordelia** strikes a new color note in this section. **Crystal** showed up better in my garden this past year than before and gives promise of being one of our finer exhibition whites. Somewhat like Mrs. E. J. Heaton in type but in a light salmon orange color is **Diane**, a strong growing tall variety which should be good commercially. **Caroline Werner Gannett** makes huge spikes with large deep salmon florets blotched deeper. **Don Bradman** is an Australian variety with long spikes of buff salmon flowers.

For both beauty of form and color, **Glamis** excels. It is a ruffled flower of clean rosy salmon with cream throat. **Happy Days** is one of the best new orange Glads, particularly in habit and vigor. **Hildred** is a deep lavender having many buds to a spike. Tall spikes and large flowers characterize **Janet Purcell**. It has wide open pink and cream florets. **Laddie** is a very large tall pink with deeper feather. Among the new reds, **Master Myron** gives promise of being a fine commercial with its tall spikes and large flowers of brilliant coloring. **Matterhorn** was again the outstanding exhibition white in my planting. Somewhat like Laddie in color but of different form is the new variety from the Antipodes, **New Zealand Splendour**.

While it was not so impressive before, **Pfizer's Success** looked very good this year. **Queen Marilyn** is a dainty pink and cream Glad with very slender graceful spikes. **Rodney** adds to the list of red Glads—this one being very large and deep in tone having a light throat penciled red. More red than rose perhaps, is **Rose Monarch**, a large exhibition type flower. With huge spikes of ruffled rose pink flowers, **Sensation** attracts much attention. Another addition to the "blues" is **Shang Ri La**, a medium blue with lighter throat. **Sweet Alibi** is a new ruffled deep pink which should make a good commercial. A beautiful light orange heavily ruffled flower is **Vassar**.

**FOR SALE** SIXTY-FOUR Acre River Bottom Farm near Brownsville, Oregon. About 40 acres of tillable soil, balance pasture and timber. There are 16 acres in alfalfa but this place is now primarily a fruit farm having many varieties of Apples, Peaches, Plums, Prunes, Apricots, Cherries, Pears, etc. Sold \$800 worth of Cherries in 1937. Many varieties of Grapes, Cane Fruits, and Strawberries. English Walnuts, Almonds, and small orchard of young Filberts coming into bearing.

Have had wheat yields to 42 bushel per acre and corn over 60 bushel per acre. Nearly all crops grown in temperate zone do well on this place.

Large 8-room house with electric lights, hot and cold water, automatic pump water system. Tenant house, large good barn, poultry house, implement shed, etc. Have overhead irrigation for  $1\frac{1}{4}$  acres run by gasoline engine.

Two miles to grade school and church and  $2\frac{3}{4}$  miles to high school. Farm on new secondary oiled State Highway No. 228. One of the finest farms in the valley and must be seen to be appreciated. As the grown children are married or not at home and our health makes it impossible for us to take care of the place, we must sell. For further particulars, write GEO. A. MITSCH, Brownsville, Oregon.

# Collections
